REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The prior art does not teach a stabilized platform for a camera comprising, in combination with the additionally recited features, a first sensor package, fixed to the base, for determining, in two transverse directions, motion of a moving object on which the stabilized platform is mounted, a second sensor package comprising sensor means for sensing a position of the payload platform and for providing information based on the position of the platform relative to a predetermined position, or the levels sensors for the stabilized platform and measuring and self correcting for anomalies based on info from a second sensor (i.e. stabilization in response to first sensor causes drift and second set of sensors are used to correct the drift), or information used from second sensor at a different rate than the first sensors.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Christopher E Mahoney whose telephone number is (703) 305-3475. The examiner can normally be reached on 8:30AM-5PM, Monday-Thursday.
